

Letter of Recommendation

April 19, 2021

To whomsoever it may concern,

Jay Sahasrabudhe worked as a Business Analyst for Cognizant during 2019-2020 in the Shared Investigator Platform site onboarding team. During that time, Jay had diverse responsibilities and he ensured to be on par with them using his Product Development skills and Data Analysis skills.

Jay is bright, articulate, and hard working. His enthusiasm for the job comes through in all he does. He has a positive attitude that makes him a pleasure to work with and is one of the reasons why he was so well liked by his coworkers.

I highly recommend Jay for any job he is in consideration for. He would be an asset to any employer. If you have any further questions about Jay, please do not hesitate to contact me.

Thank you,

Lestter
